

Our Value for April is **RESPONSIBILITY**

- **The ability to make and act upon appropriate and sensible decisions**
- **To recognise the consequences of one's actions**
- **To take care of oneself and one's property**

In school our pupils are often given jobs to do which they are encouraged to see through and do to the best of their ability. We will be discussing our planet and how we should be responsible for reducing waste and recycling. We will consider the importance of looking after ourselves and our possessions. We will stress the need to take responsibility for the way we behave and encourage our pupils to make the right choices. Responsibility in a global sense will be discussed and consideration given to how we as a school could make the world a better place, each class will think of a way in which they could take responsibility.

Thought for the month: 'A responsible person fulfils his duty by staying true to the aim.'

At home during this month you may like to assign your children small jobs which they are responsible for completing eg. keeping a tidy bedroom, setting the table, dusting, feeding pets etc. They could also be responsible for making sure they have everything they need for school each day. All that is needed is praise for a job well done!
