

Progress in Art & Design: Early Years Foundation Stage & Key Stage 1

We believe that art is a form of expression and communication, unique to each artist. Our children will learn about and explore a range of artistic techniques as well as learning about key artistic styles and artists through history. Artistic elements and techniques are explicitly taught and practised so that children become comfortable to explore them when composing their own pieces. Our children learn about a range of diverse artists and draw inspiration from a range of sources, including our local area, when creating their own artwork.
